## 内容概要

“学习任何语言都需要大量阅读。

学习英语也需要大量阅读。

英语学得好的人，一般说来，都读过相当数量的书；反之，也只有读得比较多的人，才能真正学好英语。

” 阅读是获取各种信息的主要渠道和手段，阅读技能对学生未来的学习和生活具有实用价值。

阅读不仅是外语教学的主要目标，而且还是重要的学习手段。

通过大量阅读可以积累语言材料和丰富语言知识，还可以增强语感。

阅读量的大小很大程度上决定了英语水平的高低。

根据教育部新课标的要求，中学生在初中毕业之前英语阅读量要达到15万词以上。

近年来，各级各类考试中阅读类试题所占分值逐渐增大。

阅读理解、完形填空和任务型阅读这三种常见阅读类试题在中考试卷中所占分值达到了50分甚至更多。

在中考试卷中，阅读类试题通常是失分最多的题，因此有人戏说“得阅读者得高分”。

做不好阅读类试题通常有以下两个原因：阅读量少，缺乏语感；没有形成良好的阅读习惯，缺乏阅读方面的答题技巧。

中考试卷中的短文一般为5至8篇，而答题时间有限，对考生的阅读技巧和速度都有较高的要求。

因此，选择一本好的阅读类图书对于阅读能力的培养非常重要。

本书有以下3个特点：一、本书所选材料新鲜、有趣、体裁丰富、涉及话题全面、可读性强。书中每篇短文前都设置了阅读提示，使学生对文章有个初步的了解，产生阅读的欲望和兴趣。

二、一书多用。

本书的题型较多，如：阅读理解、完形填空和任务型阅读。

本书将这3种题型放在一起，并且进行合理安排，使这3种题型都能得到训练。

三、本书注重对阅读技巧的培养。

书后不仅提供了答案，而且所有题目都有解析，便于课外自学。

衷心地希望每位使用这套丛书的同学都能喜欢本套丛书，并从中受益。

章节摘录

Sam woke up suddenly. Someone was moving around in the next room. "Maybe its Grandma, getting a drink of water." he told himself. But the next room was the living room. It wasnt near the kitchen. Sams parents were away, and there was only Grandma in the house with him. He looked at his watch, three thirty !

Too early for Grandma to get up !

He got out of bed and opened the door very quietly. The window was open——wide open !

Standing near it was a man, looking in the desk drawers. Grandma kept her money and papers in them !

He thought quickly. Yes, the radio !

He turned it on and a mans voice filled the room. Frightened, the thief dropped Grandmas papers. He jumped out onto the balcony. Then he jumped down two floors to the ground. He gave a shout. His leg was broken under his body.

Grandma was awake and she phoned the police at once. The thief couldnt get up, because his leg was broken.

When the police came, they were very pleased. "Well done, Sam," said the police officer. "This man is a well-known thief." Then he said to Sams Grandma, "You should keep your money in a bank !

"
