章节摘录

Tom is the son of a farm owner. One New Years Day, when he was 15, his father asked him to work on the farm for one year when he was free. Tom was unhappy with his fathers idea. "That isnt my job, I have too much schoolwork to do. " Hearing this, his father said, "I promise (许诺) to give you the best present if you can finish one years work. " Tom thought for a while and agreed. Starting one Saturday, the boy got up early and worked hard until evening, just like any other farmer. Time passed quickly. Toms crops (庄稼) grew well. On the last day of the year, the father called his son to him, "Im happy to see that you have worked very hard in the whole year," said the father, "Now, tell me what you want. " The boy smiled and showed his father a big piece of bread made from his wheat. "Ive already got the best present. No pains, no gains. I think this is what you wanted me to know. " His father was quite pleased to hear that.
