内容概要

De Cive is the first full exposition of the political thought of Thomas Hobbes, the greatest English political philosper. Professors Tuck and Siverthorne have undertaken the first complete translation sice 1651, a rendition long thought to be at least sanctioned by Hobbes himself. On the Citizen is written in a clear, straightforward, expository style, and in many ways offers students a more digestible account of Hobbes's political thought than the Leviathan itself. This new translation is both accurate and accessible, and is itself a significant schology, a bebliography and an expository introduction. Throughout, the editors have emphasized consistency in the translation and usage of Hobbes's basic conceptual vocabulary, trspceting Hobbes's own concern for accurate definition of tens. RICHARD TUCK IS Professor of Govenment at Harvard University and a Fellow of Jesus College, Canbridge. He is the author of many books and articles, including the volume on Hobbes in the Oxford Pxfod Pastmasters series 1989, and he has previously edited Hobbes: Leviathan for the Cambridge Texts series. MICHAEL SIVERTHORNE is Associate Professor in the Department of History at McGill University. He has published widely on the history of ideas, and has previously translated for the Cambridge Texts series Pufendaf: On the Duty of Man and Cizen Accrding to Nanral Law (1991).
