章节摘录

In your last letter you asked me about my plans for the future. First , I will finish high school. Then I will go to college and study to be a doctor. I won't get married right away because it takes a long time to become a doctor. I want to help sick people. I'm going to learn a lot about illness. Maybe I will find a treatment for cancer. I'll be famous and I will become very rich. After I become a successful doctor , I'll get married. I want to marry an interesting person. For example , my wife might be an artist. We will have a wonderful life together. I think we will have one or two children. Doctors get paid quite a lot so I think we will have a nice house. We will travel a lot. I want to visit Australia , Europe , and Africa. Are these plans , or dreams ? Do they sound crazy to you ? Write soon and tell me about your plans.
