

<<糜子研究进展>>

图书基本信息

书名：<<糜子研究进展>>

13位ISBN编号：9787810927420

10位ISBN编号：7810927426

出版时间：2012-08-01

出版时间：西北农林科技大学出版社

作者：柴岩，冯佰利 著

页数：364

版权说明：本站所提供下载的PDF图书仅提供预览和简介，请支持正版图书。

<<糜子研究进展>>

内容概要

由中国、俄罗斯、韩国、斯洛维尼亚、乌克兰、日本发起的第一届国际糜子学术研讨会将于2012年8月25-30日在我校举办。

会议将举行糜子学术交流、产品展示、生产考察等活动，来自俄罗斯、乌克兰、斯洛文尼亚、韩国、日本等多个国家和地区的80多位专家将参加会议人。

各国学者、企业家将一起交流糜子产业发展的最新进展，并讨论未来的发展趋势，以期对世界糜子科研、推广起到促进和推动作用。

《糜子研究进展：第一届国际糜子学术研讨会论文集（英文版）》是这次会议的论文集，可供相关读者阅读学习。

书籍目录

Section A Distribution and Production Area and Production of Proso Millet (*Panicum miliaceum* L.) in Russia V.I.Zotikov , V.S.Sidorenko , S.V.Bobkov , et al. Production of Proso Millet in China Chai Yan , Gao Xiaoli , Li Cui The Origin and Evolution of Broomcorn Millet in China Su Wang , Xu Bingqin , Gao Jinfeng , et al. Research and Production of Proso Millet in Shaanxi Province Feng Baili , Gao Jinfeng , Song Hui , et al. Production , Processing and Utilization of Broomcorn Millet in Garu Yang Tianyu Production and Application of Proso Millet in Ningxia Cheng Bingwen Production and Research of Proso Millet in Inner Mongolia Chert Qiang Industry Research of Proso Millet in Liaoning Ge Weide , Zhao Yang Status and Recovery Development of Proso Millet Production in Yan'an Feng Wei , Wang Jinming , Yang Xia , et al. Section B Genetic Resources and Breeding Formation of National Collection and Millet Breeding in Ukraine L.N.Kobyzeva , S.N.Gorbacheva , L.V.Grigorashchenko , et al. Genetic Resources of Common Millet (*Panicum miliaceum* L.) at the Vavilov Research Institute of Plant Industry (VIR) Alefina Kurzeva , Olga Romanova , Anton Krylov Temperature Stress in Anther Culture of Proso Millet (*Panicum miliaceum* L.) S.V.Bobkov , G.N.Suvorova Characteristics of Genetic Resources and Culture Practices of Broomcorn millet (*Panicum miliaceum* L.) in Gangwon Province , Korea Cheol-Ho Park , Hak-Soo Byeon Variety Improvement of Broomcorn Millet in China Chai Yan , Wang Pengke Utilization of Proso Millet Germplasm Resource in China Wang Lun , Wang Xingyu , Wen Qifen , et al. Genetic Diversity among Chinese Landraces and Cultivar of Broomcorn Millet (*Panicum miliaceum*) Revealed by the Polymerase Chain Reaction Y.G.Hu , J.Zhu , F.Liu , et al. Factor Affecting Callus Induction on Anther Culture of Proso Millet (*Panicum miliaceum* L.) Wu Limin , Yang Tianyu , Dong Guojun , et al. Isolation and Analysis of Genes Induced by Rehydration after Serious Drought in Broomcorn Millet (*Panicum miliaceum* L.) by Using SSH Lin Fanyun , Hu Yingang , Song Guoqi , et al. Construction of Core Germplasm of Local Proso Millet Resources in Garu Dong Kongjun , Yang Tianyu , He Jihong , et al. Effects of Different Chemical Hybridizing Drugs on Male Sterility of Proso Millet Qu Yang , Zhang Xiaodong , Chen Jia , et al. Application of Gray Correlativity Analysis on Broomcorn Millet Varieties and Comprehensive Evaluation Cui Wenwen , Yang Qiuge , Ma Shurong , et al. Genetic Diversity Analysis on Morphological Traits of Broomcorn Millet Resources Li Qinqin , Liu Rui , Wang Pengke , et al. Build Millet Core Collection Based on Geographical Origin and Phenotypic Data Zhang Zhifen , Fu Xiaofeng , Gao Jinfeng , et al. Section C Physiology and Cultivation Advance in Water-saving Culture of Proso Millet (*Panicum miliaceum* L.) Cheng Bingwen , Xie Zhiming Research Progress in Drought Resistance of Broomcorn Millet Ma Ruirui , Gao Xiaoli Effects of Different Water Harvesting on Soil Water , Growth and Yield of Proso Millet in Semiarid Region of Northwest China Qu Yang , Su Wang , Zhang Panpan , et al. Physiological and Biochemical Indexes of Drought Resistance of Broomcorn Millet at Seedling Stage Zhang Panpan , Song Hui , Ma Shurong , et al. Identification and Utilization of Drought-resistance Indexes in Broomcorn Millet during Germination Zhang Panpan , Song Hui , Cui Wenwen , et al. Study on Resistance of Several Broomcorn Millet Cultivar to 3 Wheat Important Diseases Wang Yang , Wang Yanlei , Feng Baili Damaging Mechanism of Head Smut on Broomcorn Millet and Control Measures Zhou Yu , Zhu Mingqi , Wang Yang , et al. Introduction and Cultivation of Two Varieties of Proso Millet : Ningmi-10 and Ningming-11 in Baicheng District of Jilin Province Xie Zhiming , Cheng Bingwen , Zhou Yuxi Section D Quality and Post-harvest Processing Influence of Genetic Factor on the Protein Content in Grain of Proso Millet V.S.Sidorenko , S.A.Konov Food-scientific Characterization of Broomcorn Millet Products Kiyokazu IKEDA , Yuya ASAMI , Naoko MOCHIDA , et al. Preparation of Broomcorn Millet Pasta and Nutrition Educational Aspects on Its Utilization Sayoko IKEDA , Ryoko NAGAI , Rufa LIN , et al. Antioxidant Activity of Phenolic and Flavonoid Components in Extracts of Broomcorn Millet (*Panicum miliaceum* L.) Cheol-Ho Park , Min-Kyoung Kang Industrial Situation and Development Strategies of Proso Millet in China Qu Yang , Gao Xiaoli , Feng Baili Advances in Quality and Exploitation of Proso Millet Chao Guimei , Li Cui , Gao Jinfeng , et al. Analysis of Protein Component of Proso Millet Grain Zhang Zhifen , Gao Xiaoli , Feng Baili , et al. Production Technology of Broom Corn Millet Beverage Feng Naihong , Nui Xiwu , Wei Tianye , et al. Process of the Solid

<<糜子研究进展>>

Irtant Mixed PorridgeFeng Naihong , Wei Tianye , Zheng Hongyuan , et al..Properties and Exploitation of Starch of Proso MilletChao Guimei , Li Cui , Wang Pengke , et al.Effect of Additive on Properties of Proso Millet Starch PasteWang Ying , Chao Guimei , Wang Pengke , et al.
