## 前言

《研究生英语读写译教程》为“研究生英语系列教材”之一，依据《非英语专业研究生英语教学大纲》的要求和研究生英语教学特点进行设计和编写，旨在通过读、写、译相结合的教学实践，培养非英语专业研究生的英语综合应用能力。

本教程包含上、下两册，内容难度和学习重点有所不同，可用于研究生阶段两个学期的英语教学，也可由教师根据学生的实际水平选择使用。

《研究生英语读写译教程》每册8个单元，每单元均含3个模块：阅读模块、翻译模块和写作模块。

阅读模块有A和B两篇课文，课文中的生词、词组、注释及作者介绍，以及针对阅读技巧和课文理解的实用练习。

翻译模块提供翻译理论的介绍和翻译技巧的讨论，并配有针对性很强的翻译练习。

写作模块介绍各种应用文（尤其是与研究生学习和生活紧密相关的应用文）的写作规范及写作技巧。该模块剔除深奥繁琐的写作理论，取而代之的是简洁的写作要点说明，并配有写作范本，使学习者可以在短时间内掌握各种应用文的写作要领。

Unit Seven Text A Whose Art Is It? Text B Making Room for Art Translation ( XV ) Writing XV )  
Unit Eight Text A Commercialism and Newspaper Quality Text B Political Culture Translation ( XVI ) Writing ( XVI )

章节摘录

Opportunity is the crux of the American idea. Opportunity is what the New world has always represented: struggle, risk, self-determination, and the hope of spiritual and material progress. Even now, to new immigrants, that of something like it is the pull—and for them at least, it is no false promise. If you move to America, you move up, and this is true whether you are rafting across the Rio Grande or negotiating the hazards of the HIB visa program. British emigrants ( I am one ) are fond of Spain and the United States. They go to Spain to retire; they come here to rise to new challenges. This lure, barely diminished after more than three centuries, has ever been an incalculable source of national strength. But is America any longer a land of opportunity for the people born here ?

The evidence, such as it is, points to a surprising and dispiriting answer: no, not especially. The idea that America is exceptional in its material opportunity is deeply lodged in the culture. For as long as the country had a western frontier with territory beyond, internal migration was just as bold a venture as crossing the ocean had been for the first settlers.
