章节摘录

As a homework assignment , students and/or participants should read again all through lessons five to eight : read through the stories and/or discussions ; read the discussion plans and instructions for practicing how to think and speak in English freely and confidently ; and prepare for revision and further discussions at the English Comer or lesson , which would help them to rehearse and effectively safe in their memories what they have learnt.B : At/During the English Corner/Class Divide this revision English Comer or lesson into four time periods. Where possible , form new groups , or change your longtime discussion partners by getting new ones ; and organize discussions and activities or games about the four previous lessons. You can also redo the activities of the lessons , replay the games , and maybe use this chance to explain to your friends the answers that you chose for the reading comprehension tests/exercises. What was each of the previous English corners/lessons all about ?

编辑推荐

This book would help to make thinking and speaking in English easy , funny , relevant , enlightening , and inspiring , even where there are no spoken English teachers . Use it to create your own English environments and improve your oral English , self-confidence , and world outlook . It may also just be an easy-to-read and thought-provoking book for individual entertainment , reflection , and cross-cultural learning .
