章节摘录

One day Ted went fishing. He sat under a big tree by the riv-er. When he was fishing, he heard some sounds above him. Helooked up and saw a bird and her babies in a nest in the tree. Suddenly one of the baby birds fell from the nest into the river. Its mother quickly flew down and tried to help it out of the water. But it failed. "I must save the bird !

" thought Ted. Then he jumped into the water. He moved his arms and kicked his legs. To his surprise, he did not drop into the water. "I'm swimming !

" he shouted. He caught the bird and took it out of the water. Then he put it back into the nest. From then on, he was not afraid of the water any more. 19. There was once a large, fat woman. She had a small, thin husband. He worked in a big office and got his weekly pay every Fri-day evening. As soon as he got home on Fridays, he had to give his wife all his money, and then his wife gave him money back that is only enough to buy his lunch in the office every day. One day the small man came home very happily. He hurried into the living room. His wife was listening to the radio and eating apples there. "You'll never guess what happened to me today, dear," he said. He waited for a few seconds and then said again, "I won ten thousand dollars on buying the lottery tickets !

That's wonderful !

" shouted his wife happily. But then she thought for a few seconds and said angrily, "But wait a minute !

How could you have enough money to buy the tickets ?
