<<房屋阁楼设计HOUSES NOW PEN>>

内容概要

Can a workhorse be turned into a thoroughbred? "Penthouses and Lofts" proves it can be done! This beautiful book shows exactly how top designers have used raw industrial buildings to create magnificent penthouses and lofts, open, airy and ideal for working and living. Packed with a broad selection of the finest new projects, illustrated with floor plans, full-color photos, and explanatory text, this book is the complete guide to repurposing and transforming raw space into ethereal yet practical interiors.
